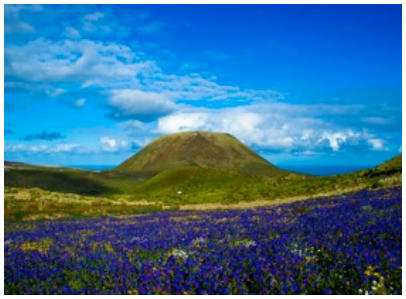
SPANISH & HIKING 2026

1 OR 2 WEEKS SPANISH TUITION (2 HRS./DAY) MO.-FR. + 2 OR 3 HIKES + 7 OR 14 DAYS ACCOMMODATION

One week includes two hikes; two weeks includes three hikes to choose from.

The Spanish classes in this program take place in the afternoon so you can enjoy the day. Some treks require endurance and are not recommended for those who experience vertigo.
You will be taken along beautiful lava paths, through palm groves, along cliffs, to neighbouring islands… You will love these excursions and will never forget them, especially if you like hiking. Lanzarote, though small, will surprise you with everything that it has to offer. It is very important in all treks to bring good walking shoes, sun cream (do not forget this, please!), water and a windbreaker.
You can choose the most appealing hikes – among others programmed - from the following:



TREK 1: LA CORONA VOLCANO AND FAMARA CLIFF

Splendid and continually changing landscapes throughout the walk: two coasts, the crater and lavas of La Corona volcano and views to the neighbour island of La Graciosa from the crest of the impressive Famara Cliff are just the highlights of the excursion. Typical farming on volcanic ash and a large variety of endemic plants and flowers can be seen.

TREK 2: THE VOLCANOES

Unique and surprising walk through the lava fields and ash surfaces produced by recent but now extinct craters, with views across exhilarating landscapes of natural shapes and colors. Lichens and colonizing plants growing in extreme conditions. The excursion takes place at the border of the Timanfaya National Park and is of an easy grade.

TREK 3: LA GERIA & THE VINEYARDS

In the course of this guided walk through the dark ash fields, you will find out how the farmers had managed to overcome the volcanic catastrophe with much effort and sacrifice leaving one of themost admired landscapes of the island. The way the farmers of Lanzarote cultivate these black sandy parched lands to obtain these juicy fruits is unique in the world.

Walk with us and discover the "miracle" that meant an agricultural revolution in Lanzarote, one of the driest places on the planet, an island that has the same rainfall levels than the Sahara Desert.

TREK 4: ISLAND OF LA GRACIOSA

After a short voyage from Órzola in the north of Lanzarote the walk starts out from the charming little island port Caleta del Sebo and traverses dunes, lonely beaches and lava fields through volcanic and coastal vegetation. During the excursion you will have time to enjoy a refreshing swim at one of the most beautiful beaches of the Canary Islands.

Treks are subject to change according to weather conditions or if minimum number of participants is not reached (3 people for normal trekkings, 6 people for La Graciosa trekking). Supplement of €45.
